## Search Tips

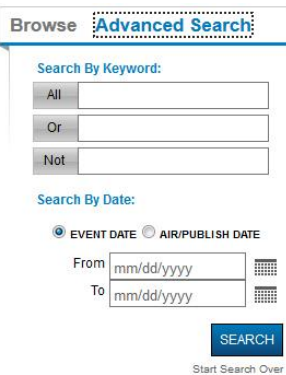

To view all NBC Learn videos for a topic, you can browse by collection using the left-side menu.

To do a basic search, type a keyword in the search box on the upper right corner of the webpage, where it says "Search NBC Learn."

Alternately, you can use the Advanced Search feature, located next to the Browse feature at the top of the left-side column:

After you browse or search, you will see a results page. To narrow your results, use the filtering tools on the left side of the page. You can narrow your results by Event or Air/Publish Date, Collection, Source, or Type.

## Share your ideas and suggestions with us!

We're always looking for ways to improve our site. Please send us any suggestions you have of features or content that would make NBC Learn more useful for you! Many of the site's existing features have been developed in response to users' feedback.
