

## Fuse Quick Start Guide for Students

### What is Fuse?

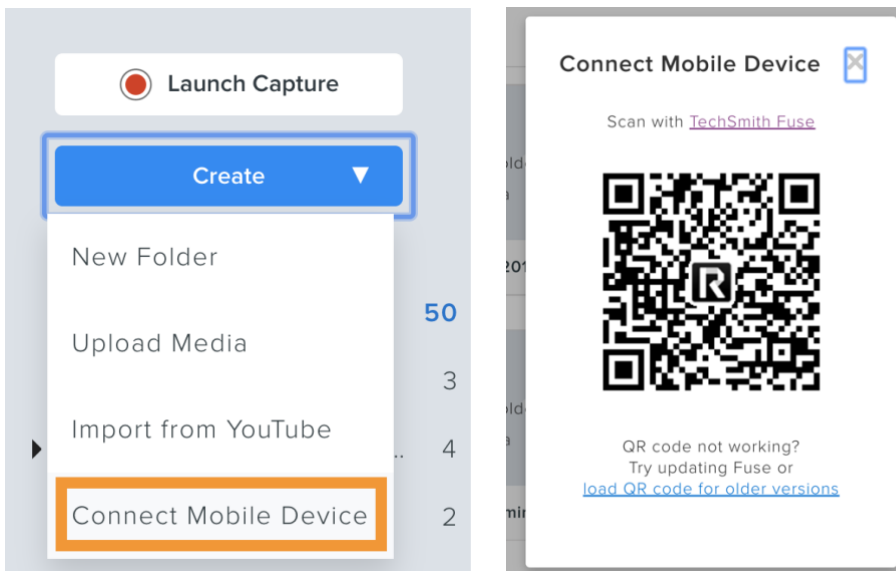

A free mobile app that allows you to connect your mobile device to your Knowmia library so you can easily upload videos to use for your coursework.

### Step 1: Make sure you have a Knowmia Account!

- *On a desktop or laptop*, go to your school's Knowmia site: <https://matc.knowmia.com/>
- Click **'Sign In'**.
- Login using your campus credentials.

### Step 2: Open QR Code

- Once logged in to your site, go to **Create > Connect Mobile Device**:

- This is the QR code you'll scan in Step 5.

### Step 3: Download the Fuse App

- Download the app from your phone's app store.

- The app is available for both Apple & Android devices.

### Step 4: Using the App

- Open the Fuse App.
- Be sure to allow the app to use your devices camera and microphone.
- You can either record using the app or...
- Go to **Library > Import** to import videos from your phone's camera roll.

### Step 5: Share

- In your Fuse library, tap the video you'd like to share.
- Then tap **Share > TechSmith Knowmia**
- If it's your first time using the app, you'll be prompted to scan the QR code mentioned above.
- Simply hold your phone up to your computer screen to capture the QR code.
  - Note: You'll only need to do this the first time you set up your app.
- Add a Title/Description if you'd like.
- Hit Send!
  - This will upload your video to your Knowmia Library.
    - *Note: Upload times will depend on your internet/data strength and length of the video.*
